INFORMATION CONCERNING STUDENT ATHLETIC INSURANCE

Dear Parent or Guardian,

The Office of Athletics is proud to provide Athletic Injury Insurance for **all athletes, at no cost to you.** The Athletic insurance covers any athlete that is injured during a school sponsored event, practice or travel. This insurance is a **basic coverage plan that pays benefits in a limited amount** depending upon differing variables.

If the athlete has no other insurance, this plan is then the Primary insurance provider.

If the athlete does have other insurance, this plan becomes a secondary provider.

Regardless of sport played, each athlete is covered by this insurance, within the guidelines and benefits established by the insurance provider.

It is requested that the parent/guardian of an athlete report to the Athletic Trainer or their family Physician any injury that may have occurred to their athlete during a school sponsored activity that was not previously reported to a Coach/Athletic Trainer/Physician.

If you should have any questions about the plan you can call the “1-800” phone number listed at the top of the claim form.
